PoolSystems

Spa Maintenance Kit
CSV625

- The ultimate spa and hot tub cleaning kit
- Includes:
 - Supa-Vac, it cleans... and... it empties
 - Spa Scoop
 - Semicircular Spa Brush
 - Cleaning Mitt
 - Scum-absorbing Disc
 - Spa cover wipes

Spa Cover Wipes
MCW025

- Unique cleaning formulation
- Protects from U.V. and cleans away dirt and grime
- Suitable for spa and hot tub hard covers
- Available in stylish 25pk dispensing tube

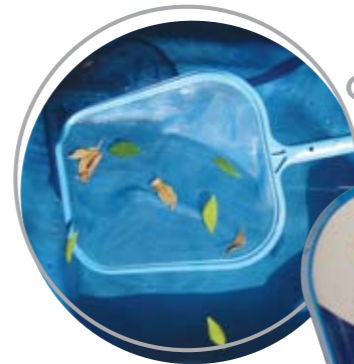

Spa Scoop
CSL083

- Removes surface debris
- Unique circular design to suit spa/tub contours
- Non-scratch rubber edge technology
- U.V stabilised material
- Ideal for use in all spas and hot tubs
- For hand held use or adaptable to 'life' spa pole and standard telescopic pool pole

Spa Brush
CBL392

- Cleans the spa and hot tub interior quickly and efficiently
- Unique semi-circular design to suit spa/tub contours
- Non-scratch rubber edge technology
- U.V stabilised material
- Soft spa friendly bristles
- Ideal for all spas and hot tubs
- For hand held use or adaptable to 'life' spa pole and standard telescopic pool pole

Extenda Spa-Skim
CLS010

- Durable net with screw-fit handle
- Telescopic pole extends to 1.2m (4ft)
- Internal locking cams prevent pole from collapsing
- Easy one-handed operation

Water-Wand
CWL052

- Unique, world-first hand-held cartridge filter cleaner
- Makes cartridge cleaning quick and easy
- 8 fingers to open pleats
- 8 x 180 degree fan nozzles to flush and clean
- No splash back
- Handy on/off switch
- Operates using a standard garden hose
- Uses less water than conventional cleaning methods

Spa Disc
MSD001

- Absorbs surface oils and grime
- Reduces scum line build-up
- Improves filter performance

Spa Pole
CTH913

- 3 piece telescopic pole
- Ezy-lock internal cams
- Extends 0.5m (1.6ft) to 1.2m (4ft)
- For use with all 'life' spa and hot tub accessories

Inflatable Spa Pillow

LSP001

- The perfect relaxation accessory
- Quality suede material for added comfort
- Dual suction points - attaches easily to most surfaces
- Easily inflates or deflates to suit desired firmness and size

Spa Booster Seat

LSS210

- Comfortable and attractive design
- Firmness and size can be adjusted by amount of water used
- Heavy-duty heat resistant material
- Easily filled using standard garden hose nozzle
- Suction cups prevent seat from floating or moving

Deluxe Spa Cover Lifter

SCL002

- Quickly, easily and safely lift, remove and store the spa cover while the spa is in use.
- Foam grips for comfortable handling and to protect the spa surface.
- One person operation with ease.
- Cover saver T bar straps alleviate the stress from the covers hinge by fully supporting the weight of the cover on the lifter.
- Suits most shapes and sizes of spas

Spa Tray Table

LST100

- Reinforced moulded tray
- Swivels 360 °
- Includes mounting bracket and hardware

Spa Steps

SSD070 (700mm), SSD100 (1000mm) SPA STEPS

- Attractive solid timber steps
- Durable construction with minimal assembly required
- Popular cedar colour

Spa Towel Bar

TBA

- Smart Unique upright position allows towels and robes to remain close while keeping them clean and dry.
- Convenient Tucks down and out of the way when not in use.
- Better Materials Made of high-grade rust-free aluminum.

Spa Hand Rail

TBA

- No hardware required.
- Durable zinc plated and powder coated finish.
- Swivels to provide ease of entry and exit.
- XL model available for spas over 38" tall.

Spa Resuscitation Chart

MPSS10

- A **must-have** for all spa and hot tub owners
- The first resuscitation chart developed specifically for spa and hot tub locations
- Colourbond steel ideal for harsh climates and high chemical and U.V. exposure
- Conforms to current Australian Resuscitation Council standards

Spa cartridges

- A comprehensive range of high quality spa cartridges
- All cartridges are individually boxed in a high impact life display carton
- Our call centre staff are pleased to provide further information regarding the various types of spa cartridges available
